THIS HOME COMPANY, CHARTERED BY the Legislature of North Carolina, Insures property against loss or damage by

FIRE, LIGHTNING, OR TORNADO,

and does business on the Mutual and Joint Stock plans.

The character of those who control the affairs of the Company is a sufficient guarantee that it is, what it professes to be, a HOME ENTERPRIZE, offering ample and liberal protection against loss by fire, &c., on the most easy and liberal terms to insurers.

The TWENTY THOUSAND DOLLARS in N. C. Bonds, required by the Charter to be deposited with the Public Treasurer, have promptly been so deposited and the Treasurer's receipt therefor obtained.

Policies are issued for a term not to exceed five years.

No other Company offers greater inducements to insurers.

Now is the time for all who feel any interest in a HOME INSTITUTION to come forward and encourage this Company—receiving, as they will, reciprocal benefit in the enhancement of value and protection of their property.

For further particulars, address the Secretary, or consult General or Local Agents, who will, in due time, be announced.

ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 3, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are, or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the taxes collected as aforesaid as shall be applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit, in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, APRIL 2, 1869.

CHIEF JUSTICE PEARSON TO GOVERNOR HOLDEN.

"I am sorry, Governor, that the Court has ordered one of your officers to jail for contempt."

Governor Holden: "Court or no Court, Chief Justice or no Chief Justice, d——n me, Sir, if my officers go to jail until you go over the dead bodies of my militia."

Governor Holden meets a minister of the Gospel, as he is hurrying to the mob on Market Square, followed by a posse, and raising a big black stick, without the least provocation, cries out with the voice of a white-livered coward, "Who are you, Sir?"

SOME FACTS CONNECTED WITH THE ELECTION OF HON. PLATO DURHAM.

The people have a right to know the facts connected with all public matters. As the conductor of a public journal it is alike our privilege and duty to denounce wrong doing.

One of the most deliberate acts of injustice yet perpetrated by Radicalism in North Carolina is the conduct of certain parties in the matter of Hon. Plato Durham's election. We propose to make some plain statements as to the facts in the case, premising, that they can be and WILL BE made good if denied.

Soon after the meeting of the General Assembly in November, the Secretary of State made a report to the Governor, which was laid before the Legislature. The report contains a tabular statement of the votes cast for Congressman in the several Districts of the State. From this statement it appears that in the 7th District Durham received 10,347, and Jones received 10 320. The Secretary of State informed Mr. Durham that he would give him a certificate of election at any time he would call for it. Mr. Durham refused to take the certificate of the Secretary; Mr. Shober also refused, because the Secretary had no authority of law to issue certificates of election to Congressmen elect. The Sheriffs of the several Districts are required by law to compare the vote, and give certificates to members elect. They failed to do so; and to provide for the legal counting of the votes, a bill was introduced into the Legislature soon after the meeting in November last, authorizing the Secretary of State, the Attorney General and Auditor to compare the vote in the several Districts and issue certificates to the members elect. This bill was delayed, although repeated efforts to have it considered were made, until about the 20th of February. After it passed, the Secretary of State informed Mr. Durham that he had given Jones a certificate of election. That he had taken into consideration affidavits of Inspectors of election of several precincts in Transylvania county in which they state that they had thrown out and refused to count a number of "Republican tickets," and that Mr. Jones was elected by one majority. The Inspectors do not state that Jones' name was upon any of the tickets thrown out. The law requires a candidate to be voted for by name, and a "Republican ticket" or a "Democratic ticket," is in law no vote. The Secretary of State, even if these votes were legal, had no right to consider them, but the legality or illegality of votes is a matter for the Congress to determine in the contest.

Jones was admitted to a seat under the certificate of the Secretary given as above.

After the above named act was passed, the Attorney General stated that the "Republican tickets" sent down three months after the election were illegal; but as Mr. Jones held the Secretary's certificate, and had been commissioned by the Governor, the Committee named in the act, including the Attorney General, declined to interfere, leaving the whole matter to Congress. Mr. Durham will contest the seat of Jones, simply to do his duty to his constituents, and to expose these frauds.

Congress declares, that no person who could not take the "test oath" at the time of election should be allowed to contest, and shall be deprived of all pay.

We cannot say that we expect justice to be done to the claims of Mr. Durham. But, whatever may be the final action of Congress, it is quite apparent that a great sin has been perpetrated against the rights of Mr. Durham, and the white men of the Seventh Congressional District. What shadow of right had the Secretary of State to count certain votes THREE MONTHS after he had made his "Report" to the Governor, which "Report" is dated Nov. 7th, 1868? Is that "Report," at page 30, he gives all the returns from the Seventh District, and reports Mr. Durham elected by eighteen votes. What authority had he then to reverse this report? What right had he to give a certificate of election to Mr. Jones, upon the testimony of any one? The Legislature has appointed THREE persons to compare the vote. But the Secretary under takes to decide THREE MONTHS afterwards, that Mr. Jones, and *not* Mr. Durham, is elected.

The Secretary had expressed himself ready at any time to give Mr. Durham a certificate of election. And yet he gives a certificate to Mr. Durham's competitor three months, as we have said, after the election. He goes back of his own official Report in which he gives Mr. Durham 18 majority, and certifies that Mr. Jones is elected.

We have not space for further comments to-day. We have given the main facts, and we leave it to the intelligent and honest people of the State to say, if a great outrage has not been perpetrated?

OUR FOREIGN SERVICE.

Americans are always in a great hurry,—They are apt to do things by halves. There is a want of thoroughness and solidity in what they do. They build houses not for durability but for cheapness. They acquire a knowledge of languages in "six easy lessons" or not at all; they become connoisseurs in the fine arts by one visit to a gallery of paintings or to the studio of a sculptor. They "rush in" where wiser men at least "dare not tread." They are accurate living specimens of that class of character described by Carlyle as "a steam engine in trowsers." They are very busy, very fussy, very superficial. They make laws by steam and decide great questions by telegraph—they are a fast folk living in a fast age. They do things, in a word, very different from other people, and then swear that it is the very best way in the world.

In nothing is the inferiority of our mode of education better seen than in the system we have adopted with reference to our Foreign service. In the Propaganda at Rome the students of the Pope are educated and trained for the particular fields they are to cultivate. An Italian priest who is to be sent to Scotland or England as a propagandist of Papal power, will learn to speak the language of that people with a musical accent quite unapproachable by a native. There is wisdom and art in this.—It gives the apostle an access and ready influence, which only long experience and time would bring to him who entered upon his mission unskilled and untaught.

Why have not our political leaders learnt a lesson from this, and from our baffled experiences in foreign Courts? So unusual is it for our country to send out an accomplished diplomate that it becomes a seven days marvel, when foreign embassadors are brought in contact with a well endowed American minister, and hear him converse with a graceful ease in the ordinary Court language, Hon. George P. Marsh once electrified the Court at Vienna, by his remarkable facility in speaking the leading languages of Europe with a fluency and precision that stamped him the most versatile and accurate of American scholars or diplomatists. But he is an exception to the rule. There may be in all a half dozen highly cultivated gentlemen among the members of our foreign service, who speak well the language of the Court to which they are accredited. Charles Francis Adams, Mr. Motley, the historian, and possibly two or three others belong to this class.

The United States, unlike every other country that claims to be civilized, makes partisan fidelity the criterion for qualifications for office. Even the Chinese and Japanese manage things better. In Europe those intended for foreign service have a regular training. They are advanced step by step, and only become Plenipotentiaries or Consuls, when they have been thoroughly broken to the diplomatic traces. They are not understood to have a life-time lease upon office. As long as they are useful, or exhibit those gifts necessary to their position, they are retained, but no longer. An able New York paper before us remarks, that, "It is a fact, placed by statistics beyond question, that we pay more for our diplomatic service, and are worse served by our officials in foreign lands than any nation which maintains diplomatic relations with foreign powers."

The absence of that training intimated above as peculiar to the European system, and which has been so fruitful in good results, would constitute a sufficient reason to account for our failures in successful diplomacy. A man without any knowledge of civil engineering is as competent to conduct the survey and building of a Railroad, as a politician without a minute and thorough acquaintance with history, political economy, international law, and the laws of trade, is to engineer successfully the policy of a great nation, through all the intricacies and convolutions of European red tape-ism and the logomachy of State craft.

In Europe a successful and accomplished Foreign Ambassador is kept often at the same Court for many years, although frequent changes in Governmental rulers may have taken place at home. This is wise and necessary. By remaining for so long a period at one Court, the diplomatist becomes acquainted with the customs, laws, habits, prejudices and passions of the people, and learns the calibre and policy of the public men. But we reverse all this. An election occurs, and a new, and, perhaps, incapable man, as has often occurred in our own history, is elevated to the Presidential Chair, with a political creed utterly antagonistic to that of his immediate predecessor, and with ten thousand special friends and supporters, clamorous for office, to be rewarded and provided for.

To meet these imperious demands he must remove all in office. The consequence is, every Foreign Minister who has won honorable distinction is recalled at once, and new and untried men are sent out to contend with men of large experience and varied gifts in the difficult game of diplomatic chicanery and finesse. We find some remarks in the *Examiner and Chronicle* of New York, a Baptist religious paper with decided Radical tendency, that are so apposite, that we take leave to detain our readers with them. It says:

"In most cases they know little of the language, and still less of the spirit and institutions of the nation to which they are sent. Often they are destitute of the faintest notions respecting the true nature and end of diplomatic service. Of course a series of wretched blunders, and a vast display of misdirected zeal which makes our nation ridiculous in the eyes of the civilized world, is the result. Instead of diligently fostering and developing commercial intercourse, instead of cementing friendly relations in the thousand ways which are familiar to a trained diplomat, the American representative at foreign Courts is generally intent on some clap trap movement which shall keep his name before the home public, and prepare the way for more congenial honors when his temporary exile is over.—Often his head is turned by the adroit attentions of the wily courtiers by whom he is surrounded, and he affords us the melancholy spectacle of an accredited representative of the Great Republic repudiating all that is essentially American. Sometimes his personal habits are such that the very name becomes a hissing and a by-word where he is known."

Is there no chance to have reform in this matter as well as in other departments of Government? We can and we ought to improve our old system. It ought to be understood that no man will be sent to any Court in any capacity who is not thoroughly qualified. Indeed, there ought to be a law passed upon the subject, and demagogues and pot house politicians should be made to understand, that the country demand in her representatives abroad at least men of experience and generous culture, and not mere party-hacks who are more remarkable for flatulent invective and ungrammatical spread-eagleism than for anything else. Let this be done, and after awhile every American Ambassador would be amply furnished for his duties and would be foremost among the first—*primus inter pares*.

HONEST CONFESSION GOOD FOR THE SOUL.

Lieutenant Pike who was Joseph Holden's "second" in his late fight in Davie street, said in a public house, that he had gone twice to whip Turner, he had been sold out both times, he had nothing against Turner, but went because he was a friend of Holden. He said, too, it was Turner who kept the peace and not the police officers. He stood, he said, waiting for his principal to advance, after Turner had baited the crowd, but he did not, and he (Pike) did not, because it was not his fight.

Cebe Harris ought to confess, for what cause of offence had we given Cebe? We did not break that Penitentiary purchase, and he should not get mad with us. We did not prevent his getting that $400 as Deputy Marshall in Cowles's case in bankruptcy.—Whose friend was Cebe in the matter?

There is Frank Menninger too. What took Frank to the depot? We had never named him or in any way alluded to him! He came to fight because of an article on carpet-baggers. Frank is no carpet-bagger.—Estes, Ladlin and French are carpet baggers. We should regard Frank as only a bucket-toter. He did not come to settle the matter about the carpet and the cushions, for he did not name them; he said that was a matter for his brother, the Secretary of State, and the only way for him to settle the matter is to prove, that the Radical gentleman has slandered him; he can't get out by making his younger brother whip us.

Capt. Bozier, also. What took him to the Depot to Ku Klux us, when the very next day he goes to Alamance to keep the boys from Ku Kluxing that old secesh man, Henry Badham?

The Governor knew before hand, as he said, of his son's attack upon us. After the attack was made, the Governor approved of it; yes, of all his son Joseph said or did. This makes the Governor a Ku Klux. Well we are not surprised—for he has belonged to all the parties, and all the Churches.

We hope Brother Pepper will soon have him in the Methodist Church, North, and that will prepare him in the next world to go marching on with old John Brown.

Young Jenkins, son of Davie, in whom the "Governor has confidence," came, as we have no doubt, simply to prove to us that Dad was fit for Treasurer.

There are several more of these Davie Street heroes, of whom we must take proper notice, if Lieutenant Pike did say "they were not anxious for a fight."

KIND FRIENDS, FORBEAR!

By Mr. French: A resolution allowing the members that remained in the city during the recess, $3 per day. Lies over.—*Senate Proceedings of April 1st.*

We sincerely hope this is only one of "Gee Zee's" ways of giving us an "April fool." Surely, the man is not in earnest! If we thought the hands could be induced to enact such an outrage against the State and the citizens of Raleigh, we should "despair of the Republic." We implore the hands not to visit us with such a direful calamity. What! pay some of the hands $3 a day for remaining in Raleigh for the next six months! It will never do. We shall have nearly all the hands—specially the carpet-baggers with us. What have our people done—what has Raleigh been guilty of, that "Gee Zee," the *Star's* "distinguished and revered neighbor-in-law," should meditate against them the infliction of so much suffering? We have been exhorting the hands to go home, and now "Gee Zee" is conspiring with others to keep them with us. "An you love me, Hal,—no more of it."

But seriously; what a great outrage is herein proposed. The idea is preposterous and wicked, and we hope that the members will not countenance the proposition for a moment.

A CHANCE FOR GRANT.

By late advices from Havana, we are informed of the capture of the American Brig Mary Lowell by a Spanish Man-of-War, the Andalusia. The Brig was captured in an English port of entry in Bahamas, into which she had entered loaded with arms and ammunition, and a number of Cuban passengers, which had been taken off an American steamer that had become disabled.

The usual blustering and the usual apologies will be made no doubt, and the spark of war will disappear in the cloud of civilities interchanged by officials. But there is nevertheless a chance afforded for Grant to show a little game, and possibly, this insult offered to the American flag may lead to a speedy recognition of Cuban independence, if not to more active measures to insure the success of the revolutionists. As yet, we have seen no intimation of the probable action of the Administration, but we have no idea that any serious complications will follow the performances of the Andalusia.

Legislature of North Carolina.

SENATE.

FRIDAY, April 2, 1869.

Mr. Brogden presented a protest against the action of the Senate in the case of Wm. M. Robbins.

Mr. Burns arose to a question of privilege. An editorial article appeared in the *Sentinel* asking, who paid for the printing of the minority report which he, Mr. Burns, had presented, in the matter of the Penitentiary. Mr. Burns said, he had paid for the printing from his own private funds.

Messrs. W. A. Moore, Forkner, Winstead, Martindale, Brogden and Cook, from their respective Committees, reported on a number of bills, which were placed on the Calendar.

Message from the House, concurring in the Senate bill, fixing the salary of the Governor and Treasurer; and also transmitting a number of House bills, asking the concurrence of the Senate.

Act concerning Entry Takers, under a suspension of the rules, passed its several readings.

Message from the *House*, transmitting an act in relation to Salisbury.

Mr. Orsborne presented a bill to incorporate the Bank of Mecklenburg. Referred.

Act in relation to the public lands was read 2nd. time, and, on motion of Mr. Respass, was indefinitely postponed.

Act in regard to County Treasurers, read 3d time and passed.

Act in relation to proceedings in contempt, read 3d time and passed.

Bill in relation to division fences.—Read third time and passed.

Mr. Lassiter asked leave of absence for the President of the Senate, from and after Monday next, till Saturday—on account of imperative business. Granted.

Bill regulating the salary and fees of the Supreme Court Clerk. Passed its third reading.

Mr. Love asked for a suspension of the rules in order to act upon the Penitentiary bill. Failed.

Act concerning the number, powers and duties, of the State officers was read a second time and passed, and made special order for Tuesday.

House bill to amend chapter 40 of Revised Code—relating to drainage of land. Read second and third time and passed.

Mr. Welker introduced a bill authorizing the establishment, of a line of steamers between Norfolk, Va., and Flushing, in Holland.

Various bills from the Code Commission, amendatory to the Code of Civil Procedure were passed through their several readings.

On motion of Mr. Respass, the Senate agreed to meet at 9½ in the morning adjourn at 1½ o'clock, meet again at 4 in the afternoon. Night sessions dispensed with.

Act to postpone the collection of certain special taxes. Read second time.

Mr. Hayes moved its indefinite postponement—resulted yeas 13, nays 17.

Mr. Cook looked upon the passage of the bill, if passed, as equivalent to a repeal of certain Railroad bills, which have been passed this session. These charters provided for certain taxes, and in good faith to the bondholders, the interest on tax, on these bonds, should be collected.

Mr. Respass urged a strict compliance with the provision of these Acts—and endorsed the views expressed by Mr. Cook.

Messrs. Barrow and Osborne took a different view of the matter.

Mr. Hayes moved its reference to Committee on Internal Improvements, that the Roads which have been declared unconstitutional by the Supreme Court, may be stricken out.

Mr. Brogden defended the bill warmly. Mr. Respass replied to Mr. Brogden. The credit of the State would go down—her bonds depreciate, if this legislature now enacts that the interest for two years shall not be collected.

Mr. Cook denied the charge that he ever said he would vote for this bill—on the other hand, he had never voted for a Railroad project, with an understanding that he would vote for a bill which would vertually repeal them for two years. He was not afraid to go before the people with his record; he had voted for these Railroads in good faith, and he wanted every cent of interest on the bond collected, and thus make these Railroads strong and permanent.

Mr. Welker threw the responsibility upon the majority, who had passed these Railroad bills—and hoped they would not now arraign the minority—he desired they would settle this matter between themselves.

After some other remarks by Messrs. Respass, Brogden and Hayes.

The Senate adjourned.

J. S. Leary, colored, moved to reconsider the vote by which Canals, Turnpikes and dirt roads, were inserted in the bill. Carried.

The yeas and nays being called, the House rejected the motion to suspend the rules, by a vote of yeas 42, nays 45.

Mr. Downing moved to reconsider the vote by which the bill passed its second reading.

Mr. French moved to postpone the consideration of that motion until Tuesday next.

Mr. Estes moved to suspend the rules in order to lay the motion to reconsider on the table.

Pending any definite action, the House adjourned.

NOTE—Mr. Gunter should have been reported as voting in the affirmative to lay on the table the motion to reconsider the vote by which section 33 of the school bill was stricken out.

Mr. Grier was granted a leave of absence on account of sickness in his family.

Mr. Allison was also granted a leave.

WASHING COMPOUND.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this Soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woollen goods that the fibres do not contract and, by its influence, and your woollen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

LIFE INSURANCE.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid* in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the insured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

THE NEW YORK *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

March 17-tf

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 71
Income from Interest,	1,584,925 45
Total Income for the year,	8,746,230 09
Losses paid,	1,621,355 00
Dividends paid,	328,284 00
Total Losses paid to date,	8,039,883 00
Total Dividends paid to date,	2,197,2 9 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

CAPT. HESTER was out this Morning, on Fayetteville Street, riding his velocipede. He attracted considerable attention. †

WE were in error in stating that the *Family Monitor*, published in this City by Rev. T. M. Hughes, was a monthly. It is published weekly, and is meeting with much success. †

SOMETHING NEW.—Mr. Morris has some mattresses of superior make and of new material which he recommends very highly to the public. They are made of sponge and are said to be elastic, pleasant and durable. †

SHOOTING AFFRAY.—We learn that about 2½ o'clock to day, a shooting affray took place in our city. Rufus Ruth, a watchman at the Central Depot, fired a pistol at a young man by the name of Hodge. No damage done. The parties were arrested.

OUR friend Jordan Stone, Editor of *Roanoke News* has established a land agency at Weldon. We hope he will realize enough to buy Mush Island. There new neighbor. †

PETTY, PRIMROSE & Co.—This enterprising firm, composed of some of the most competent business young men of the city, is doing a thriving business. Their sales are large and satisfactory. They are in receipt of an extensive, varied and elegant stock of goods which they propose to sell at the lowest rates. Prompt attention, unvarying civility and fair dealing will in the end achieve success. †

EXCELLENT SOAP.—The advertisement of Messrs. Hazell and Dicky deserves attention. Another paper says:

"We have been using the soap, made by this receipt, for several months, and have found it to be all that is claimed for it.—We made fifty pounds of soft soap in fifteen minutes at a cost of sixty four cents, and eighteen pounds of hard, flavored soap at a cost of eighty cents. The material used may be bought, so as to make soap for one cent per pound, and hard soap, flavored, at four cents per pound."

DEATH OF N. F. PESCUD, ESQ.—We are pained to hear of the death of this old friend which occurred in Petersburg, Va., a few days ago. We have known him for twenty-four years, and always found him a true man. He was the grandson of the celebrated Peter Francisco, of Revolutionary fame, and brother of our esteemed fellow-citizen Peter F. Pescud, Esq. The Petersburg *Index*, in announcing his death, said:

"The sudden death of this gentleman was a shock to a large circle of friends. The funeral services were held yesterday afternoon from St. Paul's, (Episcopal) Church, the Masonic fraternity escorting the remains to their final resting place. Mr. Pescud was universally known in this city. He was for many years a great sufferer, but always maintained a genial manner and a relish for social pleasures, which increased the popularity engendered by more solid qualities." †

SWINDLERS.—Hunt, Anthony & Co, 195 Broadway, New York, are arrant swindlers. They advertise that, "on receipt of $10, Hunt, Anthony & Co. will send to your address one gold Chronometer watch valued at $225." A gentleman in this city wrote to a prominent house in New York for information. They write that the watches they saw at Hunt, Anthony & Co's., "are not worth having." It seems to us that this attempt at swindling is too bare faced to deceive any one. How could they be able to let any one have a watch for less than its actual value, much less sell one worth $225 for $10? †

THAT HAT.

The drops of rain came falling fast,
As through our "City of Oaks" pass'd
A rustic youth, who, strange to tell,
At every step was heard to yell,
CREECH!

His clothes were wet, but all the while
O'er his fair face there played a smile,
And as he walked, it was his choice
To shout with his stentorian voice,
CREECH!

On, on he went, till he at last
The "old Brick Row" had almost passed;
And when he saw the "Corner Store,"
This honest lad did shout the more,
CREECH!

A loafing crowd now came around
And asked why this terrific sound?
The youth replied, "Do ye not see
The man who gave this 'hat' to me?
CREECH!

"Now here, my boy," said a police,
"You must your constant bawling cease;"
"But," answered he, "'twou d not be fair;"
And then cried through the startled air,
CREECH!

"This noise must stop, I'll have you know,
Or else I'll take you down below;"
Yet the brave lad held not his tongue,
But with the loudest accents sung,
CREECH!

Soon in the station-house was he,
An honest lad, who should be free;
And while upon a bench he lay,
With cheerful voice they heard him say,
CREECH!

A crowd had gathered round to see
Whether our lad would be set free;
And, when 'twas known, then one and all,
With deafening shouts did often call,
CREECH!

All ye, my friends, I'll recommend,
That ye will either go or send,
And get a hat, and BARGAIN beside,
From him whose name is now world-wide!
CREECH!

Hittrell's Springs Female College under the presidency of Rev. T. M. Jones has one hundred young ladies in attendance.

STATE NEWS.

Fifty Swiss Immigrants were expected to arrive in Goldsboro', on yesterday. We like to hear of all such arrivals. Let them come and be welcomed cheerily.

The Tarboro *Southerner* is jubilant over the prospect of having built the Wilmington and Tarboro road.

Some negroes in Tarboro, a few nights since, were creating a big row. The police in attempting to arrest them shot one of the negroes through the side who was attempting to escape.

Gen. D. H. Hill, has been lecturing in Tarboro, to small but appreciative audiences, on "The past, present and future of the South."

RELIEVED.—The colored troops so long stationed at Goldsboro, and so long a source of much trouble to the citizens, have at last been relieved by white soldiers, and we congratulate the Goldsboro public on the change.—*Wil. Star.*

POLICE ARRESTS.—Eighty-four police arrests were made during the past month, and of the number about one half was for larceny.—*Wil. Star.*

HARBOR MASTER'S REPORT.—The following is the number of vessels arrived at this port during the month of March:

Steamers,	15
Brigs,	2
Schooners,	46
Total,	63

With an aggregate tonnage of 17,198—all coastwise. Sixteen small vessels are not included in the above.—*Wil. Star.*

LARGE ROBBERY IN EDGECOMBE—A REWARD OF $100.00 OFFERED.—On Monday night last Mrs. Nancy Newsom, living about 12 miles from Tarboro, in the upper portion of the county, suffered a heavy loss by robbery.

It seems that she has had in her employment for a few weeks past a young man about 18 years of age, who claimed to be from Georgia.

On the night mentioned above he disappeared from the place carrying off with him a horse and buggy valued at $300, and about $350.00 in money, and also a portion of the clothing belonging to Mr. John M. Cotton, the son of Mrs. Newsom.

WRONG.—We are sorry to see that Gov. Holden so far forgot the dignity of his high office as to attend a Husting's Court and mingle his voice in the brawl of an ill tempered confusion of tongues. No matter what the circumstances—a Governor should stand erect as an oak; and the diadem of office that bedecks his head should never give place to the cap that is tossed high in the air by a shouting multitude.—*Hillsboro Recorder.*

The Hillsboro *Recorder* records two rapes in that section committed by negroes upon white girls, each only fourteen years old.

Notice was made last week of the Greensboro Mutual Bank going into Bankruptcy. At a meeting of the creditors on last Saturday, Col. Chas. E. Shober, was appointed Assignee.—*Greensboro Patriot.*

FIRE.—The barn of W. W. Wharton, living in the suburbs, was destroyed by fire on Saturday night last. Mr. W. lost three mules and one horse, all his long forage, a fine stable and long cow shed.—*Greensboro Patriot.*

STILL CRAZY.—Col. Louis Zimmer, the indefatigable agent of the Baltimore and Ohio railroad, shipped about a hundred emigrants to the far West this week. Most of the train was made up from Davidson, Forsythe and upper Guilford.—*Greensboro Patriot.*

The Annual Conference of the A. M. E Church will be held with the church at Warnersville next week. Greensboro has always been noted for its hospitality and we feel satisfied the colored citizens will not allow our reputation to suffer on this occasion.—*Patriot.*

Mr. S. H. Wiley, collector of Internal Revenue, advertises in the Salisbury *North State*, forty-four stills and fixtures seized in that district for a violation of the Internal Revenue Laws.

CHARLOTTE.—There were ten thousand and forty-seven bales of cotton sold in Charlotte from the first of September until the twenty-fifth of March. At that date there were five hundred and twenty-five bales in store, and one thousand four hundred and twenty eight in neighboring counties. A total of twelve thousand.

We understand that the young folks of Boxboro propose on Tuesday night of the first week of next court in the place, April 13th, to treat the public—at least such of them as are willing to pay for the tract—to something rich and rare in the way of Tableaux, burlesque's &c. The object of it is to raise money for the Church in that place. *Milton Chronicle.*

CASWELL COURT.—We attended Caswell Superior Court on last Tuesday—Judge Tourgee presiding. There was no court Monday, owing to the late hour of the Judge's arrival—his religion being averse to travelling on the Sabbath.

The Judge was cleanly shaved and genteely dressed—looking better than we ever saw him, and as if he had thrown away his old carpet-bag and tied to a respectable looking leather trunk. When we entered the Court-house he was charging the Grand Jury; but time permitted us to hear him for a few minutes only. His charge is spoken of in high and complimentary terms, and the verdict of the people is, that Tourgee is no fool.—*Milton Chronicle.*

MILTON TOBACCO MARKET.—Once more we have a market for tobacco in Milton—at present it is not on a large scale, but two factories being as yet in operation, though they are liberally buying and paying good prices—cash up and no grumbling. A freedman in this vicinity brought his tobacco here a few days ago and went home with five hundred dollars in his pocket, paid him for his crop by Messrs Ellison & Co. Give our market a trial.—*Milton Chronicle.*

MORE COMMISSIONERS.—His Excellency Gov. Holden, recognizing the intellectual superiority of the negro over the white man, has appointed two more African gemen of color Commissioners of this town. This gives the management of the Board to the colored people, and we suggest that the whites on the Board resign, and let the negroes have it all their own way.—*Milton Chronicle.*

SERIOUS RACE AFTER FLOWERS.—On Thursday last, a colored girl, nurse for Mr. J. N. Haythe, of this vicinity, fell with a child six months old in her arms, while running a race around the house with a little sister of the child's and broke the infant's thigh bone. They were racing for flowers. *Chronicle.*

CUTTING AFFRAY.—Yesterday night week, a difficulty occurred at a colored "soiree" in this place, between two of the male participants, Quincy Erwin and Ransey Love, during which the former drew a knife, cutting his antagonist severely, and dilapidating his wardrobe to a considerable extent. A colored damsel was at the bottom of the affair, of course, and the "green eyed monster" at the top.—*Asheville News.*

THE PENITENTIARY- CHAPEL HILL THE VERY PLACE FOR IT.

ALL FOOL'S DAY, 1869.

There has been a great deal of talk about the famous (or rather infamous) Penitentiary affair, and here is a suggestion about it: *Locate it at Chapel Hill* and put it under command of Pool & Co., of the University. 1st. Because the buildings already there can be used and great expense thus saved. 2nd. Because plenty of suitable pupils for Messrs. Pool & Co., will be provided. 3rd. Because by insuring pupils for Pool & Co., it will insure the appropriation for the University, which now hangs fire, and thus loyalty will be rewarded. 4th. Because it will open the doors of the University to niggers, which the Radicals very strangely declined to do. 5th. Because it will make such a glorious contrast between the past and the present—a contrast so pleasing to Radical tastes and so perfectly consistent with Radical policy.

So let us unite the Penitentiary and the University with Pool as President; Holden ex-officio Chairman of the Board of Trustees, and "Joe" Chairman of the Board of Visitors, with salaries of $3,000 a year and a horse apiece.

WASHINGTON, April 1.—In the Senate, after the business reported at noon, the Indian appropriation bill was resumed, and discussed to adjournment without action.

HOUSE.—The Committee on Ways and Means was directed to revise the tariff laws and law in relation to custom houses and bonded warehouses to let during the recess, at such times and places as they deem best, and take testimony.

The consideration of the Mississippi bill was resumed. A long and acrimonious debate ensued, Messrs. Farnsworth and Schenck, who spoke in opposition to the bill, were reproached as becoming conservative. Finally the bill was postponed to December next by a vote of 103 to 62. Adjourned.

FROM WASHINGTON.

WASHINGTON, April 1.—In executive session a long discussion arose over Longstreet's nomination.

John Allison was confirmed Register of the Treasury.

Texas and Georgia delegations visited the President to-day. Reporters were excluded. Radical members of the Georgia delegation say the President responding to the Georgia Attorney General, Farrow, thought Congress would take some action regarding Georgia before adjournment; that he himself favored restoring negroes to seats.

It is said the Mexican Mission has been tendered to Gen. Sickles.

It is thought President Grant will veto the civil tenure-of-office-bill, as not exact in its language.

It is reported that Gen. R. C. Grange will be assigned to the temporary command of Virginia.

The House Committee on Foreign Affairs unanimously agreed to report the following:

"That the people of the United States hereby declare their sympathy with the people of the island of Cuba in their patriotic efforts to secure independence and establish a republican form of government, guaranteeing personal liberty and equal political rights of all people, and that Congress will give its constitutional support to the President of the United States whenever he may deem it expedient to recognize the independence and sovereignty of such republican government."

Mr. Boutwell has ordered the dismissal of the Special Treasury Agents.

The debt statement enters fully into a detail of various items included in government indebtedness. The decrease of the debt is nearly two millions six hundred thousand dollars. Coin balance one hundred and four millions—twenty-one and a-half millions represented by certificates. Currency balance seven millions. This statement embraces only receipts recovered up to 12 M. on the 1st inst. It would be reduced to the sum of $4,000,000 additional had it been withheld until the 6th or 7th of the month, as heretofore. The Treasury disbursements during March were twenty millions and a half.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

CAUTION!

WE desire to warn the dealers in, and consumers of snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or P. ash Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which insures no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,583 policies.

Amount insured, $10,066,580.00
Total Premiums, 260,117.59

The whole number issued by the Connecticut Mutual in the first year of its existence was 602

By the Mutual Benefit of New Jersey, 523
" New England Mutual, 345
" Phœnix Mutual, 336
" Massachusetts Mutual, 319
" Equitable of New York, 277

The Mutual Life, of New York, in the first year of its existence, only issued 420 policies.

In its 19th year, 5,260 "
And in its 20th year, 4,847 "

the latter being 660 less than was issued by the NATIONAL in its first seven months.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. POUCH, ... President.
ABRAM D. POLHEMUS, ... Vice President.
WILLIAM M. COLE, ... Secretary.
D. P. FACKLER, ... Consulting Actuary.
DANIEL AYRES, M. D., LL.D., ... Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued, should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamps.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the ten Thousand shippers in North and South Carolina will testify. We paid the state near Seven hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $60,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot rain and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lace to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the ordinary process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at DOUGLAS & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
